**Steven Marshall (Marshall Restoration) can demonstrate an impressive portfolio of restoration projects dating back to 1994.**

**Marshall Restoration operates as freelance restoration specialists subcontracting to large restoration companies.**

Marshall Restoration provide a skilled technical service in all aspects of building restoration and conservation and have always maintained an excellent reputation for traditional craftsmanship delivered to specification, time and budget.

Marshall Restoration has worked closely with all the major restoration companies and conservation organisations through out the North West. Including: Stone Central, Maysand, Burnaby Stone, Burleigh Stone, Stone Edge and Quadriga.

Marshall Restoration typically operates as subcontractors to larger Stone Work Contractors. However, they do also work direct for end clients such as architects and for private dwellings. They can offer a team of stone restoration specialist drawn from their network of associates.

Cronton Colliery

Patch Repair Stonework & Repoint Walling

**Marshall Restoration Aims to Provide a Quality Service that is to Specification, Budget and Timescale, thus Developing a Long-Lasting Business Relationship**

## Listed Buildings

Ruthin Gaol  
Grade 1 Listed Building. Work included  
lime pointing to all stonework

Marshall Restorations extensive experience of working on listed buildings is second to none. They have worked on numerous Grade 2 listed buildings, and are one of the few companies who have been entrusted by English Heritage and other conservation organisations to work on Grade 1 listed buildings.

Examples of the Grade 1 listed buildings they have worked on include: **Bluecoat Chambers Liverpool, Bikenhead Pump House, Ruthin Gaol and two churches in Biley, Stockprt.** Their skill, workmanship and eye for detail make them an ideal choice for such important contracts.

## Brick Work

St Annes Primary School Liverpool

All aspects of brickwork can be undertaken from new build traditional brickwork through to stone walling. Marshall Restoration also offer a restoration brick service, which includes dismantling and rebuilding detailed arcade brickwork and arches etc. which can be found on many historical/listed buildings. If bricks are found to be damaged beyond repair they will endeavor to source bricks from specialist reclaim yards or we will cut bricks to specification on site. An example of this kind of work can be found at Albert Mill Manchester and Victoria Mill Stockport

Cornwallis Street,  
Liverpool Conversion  
of a disused  
warehouse to modern  
apartments. Repoint  
all elevations,  
including  
stonework restoration.

## Pointing

Bluecoat Chambers Liverpool

Sandstone wall Runcorn

Pointing to Church Runcorn

Our pointing over the years has continually met conservation and English Heritage exacting standards. We can match any mortar colour from cementacious mortar to natural lime mortars. We have also completed may projects on private houses to enhance appearance and add value. **Our professionalism, cleanliness and speed in this field can not be matched.**

We are able to carry out repointing works using various techniques and materials depending on the individual property. We also are experienced in gun applied repointing techniques.

## Building Restoration

**Restoration & repair:** A full range of specialised stone pointing using varied mortars is carried out by our skilled operatives, using both traditional and modern methods to suit all requirements. Where applicable, works are carried out in accordance with guide lines set down by English Heritage and Local Conservation Departments.

**Natural Stone:** We are able to replicate and replace damaged stonework matching the colour texture and details of the existing stone. All work is carried out by experienced craftsmen.

**Restoration:** As an alternative to replacing stone in some circumstances we are able to carry out sympathetic repairs. We are skilled at matching the many types of stone using specialist repair materials to match colour, texture and details of the surrounding stone.

## Contact Us

We operate throughout the whole of the Northwest area and would be pleased to discuss your Brick and Stone Work needs at your offices or on site. Should you wish to visit us on one of our current projects we would be happy to show you a sample of our work.
